Rush Recognized As Top Performer

July 2005 – Rush Electronics Ltd. recently received diamond partner status award from Southco Inc., as part of its Partners for Growth distribution program through 2004. Southco is a manufacturer of fasteners, hinges, and latching systems for industrial applications.

“The program challenges each distributor to attain goals set forth by Southco that solidifies its commitment and determination to effectively market them together with the leading manufacturer of the broadest range of access hardware,” says Ken Pulkonik, president Rush. “We’re proud of our achievement.”

Rush operates four stocking locations across Canada in Montreal, Toronto, Calgary and Vancouver.
